

# **Military Power Sources Committee**

## **Battery Recycling Symposium**

**May 6<sup>th</sup>, 2021**

# The MPSC

*The mission of Military Power Sources Committee (MPSC) is to provide a forum for its members to share information and develop a collective voice on issues related to the preserving and enhancing the domestic design, development and manufacture of energy generation and storage systems, both renewable and non-renewable, and their components for the Department of Defense*

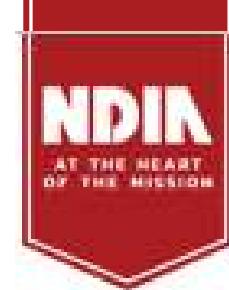

**Translation = Host topic specific events and collect the ‘voice’ of experts**

Events are aimed at reviewing current development efforts and determining/discussing gaps and recommendations for what measures would be best taken to address the growing energy needs of the DOD.

**Result = Information Paper**

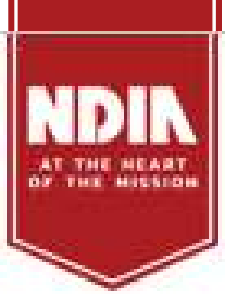

# Battery Recycling Agenda

- 9:00am: Introduction - James/Forge Nano and Joe/Battery Resourcers
- 9:10am: Keynote 1 - Renata/Ford
- 9:30am: Keynote 2 - Linda/ReCell
- 9:50am: Industry Presentation 1 - Michael/Avicenne
- 10:10am: Industry Presentation 2 - Mark/Umicore
- 10:30am: Industry Presentation 3 - Joe/Battery Resourcers
- 10:50am: Break
- 11:00am: Industry Presentation 4 - Doug/ABTC
- 11:20am: Industry Presentation 5 - Kunal/Li-Cycle
- 11:40am: Industry Presentation 6 - Todd/KBI
- 12:00pm: Industry Presentation 7 - Steve/Onto
- 12:20pm: Round Table discussion - All presenters
- 1:00pm: End

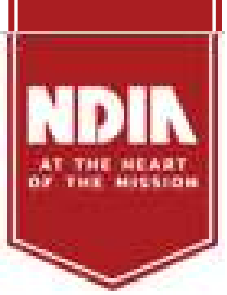

# Next Events

- June 8<sup>th</sup>, 2021 - Lithium Sulfur
  - Confirmed speakers
    - JPL
    - Air Force
    - Nasa
    - GM
- July 8<sup>th</sup>, 2021 - Supply Chain
  - Confirmed speakers
    - David Howell - DOE
    - Oliver Fritz - OSD

Thanks!

- Hosting
  - Forge Nano
    - James Trevey and Mike Talarico
- Organizing
  - Battery Resourcers
    - Joe Bush
- Sponsor
  - American Battery Technology Company
    - Doug Nickle and Ryan Melsert
